ACCELERATING GLOBAL SUCCESS

## Market Validation Workshop

*For Deep Tech  
Innovators and  
Aspiring  
Entrepreneurs*

Do you have a science or research based innovation that you would like to commercialise? One of the first steps is market validation, however, these companies, referred to as Deep Tech, often need different tools and processes.

Tauranga-based Technology Incubator, *WNT Ventures*, is pleased to now offer Market Validation Workshops for Deep Tech innovators. Participants will be provided with the knowledge and tools needed to discover how to create a profitable company, with a sustainable competitive advantage, that leverages these innovations founded on intensive intellectual property.
